

An Invitation!

Rodeph Sholom Religious School Parent Association

Welcome to the Parent Association. We want to offer a few words of introduction about who we are and what we do.

The Parent Association serves three main functions: to help enhance the quality of the student experience at the Religious School fundraising to purchase new technology, provide special programming, etc., serve as a communication link for and among parents and the faculty, and to help foster a sense of community among the school's staff, students, and families.

We strongly and sincerely believe that our parent body is a wealth of talent, information, and intelligence, and that each one of you has something unique to share. The Parent Association is coordinated by the Religious School Committee, a core leadership group of parents who volunteer their time to help implement the vision of the Parent Association by undertaking responsibility for coordinating various events and projects. We are always looking for parents to join this enthusiastic team, so if you are interested, please be in touch with us.

Consider this an open invitation to get involved. We welcome any ideas for programming initiatives such as those to help strengthen community, increase social action, encourage family study and celebration, etc. We are excited to get to know you and to hear your ideas!

Please specify your areas of interest at the end of this letter and return it with your child's registration.

Warmly, and on behalf of the Parent Association,

Ann Beaton and Andrea Kretchmer
co-chairs of the Religious School Committee

Rodeph Sholom Parent Association 2011-2012

Parent Name: _____ Child's Name: _____ Grade: _____

I am interested in helping in the following area(s):
