Please contact Rachael Evans for floor plans, approved catering list, list of mohelim, and other information at – revans@crsnyc.org.

Kosher and Nut Policy:

No biblically prohibited foods, including pork or shellfish may be brought in or served on CRS property. Items obviously containing meat or dairy may not be served during the same course of a multi-course meal. Single course meals (e.g., buffets) may either have meat or dairy products served, but not both. Meat served at rentals may be, but does not have to be, kosher.

CRS strives to be **nut-sensitive** to the extent reasonably possible, although CRS can make no promises that food served on CRS premises was prepared at a nut-free facility or is entirely free from traces of nuts. It is CRS policy that no nuts or any food item made with or containing nuts be served on CRS premises.

Parking:

Parking is not permitted in front of the building other than vehicles loading-in for events – all load-ins must be scheduled through Rachael Evans.

Guest Parking - There are three Central Parking garages on 83rd Street between Columbus and Amsterdam. There is alternate side of the street parking as well as metered parking available on the streets surrounding the synagogue.

Accessibility:

Our entire building including the Sanctuary Bimah is wheelchair accessible. We have accessible restrooms on each floor.
